

For Over 25 years

All Bright Cleaning and Environmental Services has offered practical, efficient cleaning and disinfected services by trained and certified personnel. Our team of certified techs use Personal Protected and lifesaving equipment including respiratory Protection, Hazmat suits, face shields and gloves. Every project begins with a Safety Plan that is strictly OSHA Guidance on Preparing workplace for COVID-19, SARS-2. Our plan includes working in the correct PPE, treating every site as a bio hazard site, containerizing all supplies used and waste generate into waste bags.

All Bright utilizes electrostatic and electric foggers to disperse with EPA approved disinfectants and sanitizers that are effective against infectious viruses and pathogens. In addition, the time saving and efficient of aerosol vs tradition surface wiping is a no brainer when time matters in making sure your establishment is ready to open for business.

All Bright Environmental Service technicians are certified by the International Sanitary Supply Association (ISSA), Global Bio-risk Advisory Council (GBAC), International Association for Pharmaceutical Science and Technology (PDA) 20 years, Building Service Contractors Association (BSCAI)

TESTIMONIALS

GEZOLAN – Several people came to me today and said that they noticed a difference in the cleaning, without knowing last night was your first time. That has not happened in a long time, we usually get complaints.

Johns Creek Christian Church – On behalf of the JCCC leadership team, we want to thank you personally for your regular efforts to keep our church building looking great. Additionally, we like to specifically thank you for the specialized disinfecting and sanitizing you recently did in preparation of us returning to limited in-person services. Your efforts will help our members feel more comfortable & most importantly keep everyone safe.

Safety & Health are Our First Concerns

The Safety and Health of Your Building and Its Occupants Matter to Us.

We Believe A Clean Environment:

Is Necessary to Good Health

Reduces Sick Time

Helps Ensure a working Environment Free from Contaminants

Specializing in all types of cleaning
Certified, bonded & insured
Over 25 years of experience
100% guaranteed customer satisfaction
Environmentally safe products

Our company revolves around the following elements:

Reliability, Responsibility, Consistency, Quality and Trust

- **Ackerman Security**
